

## WILL STICK TO KNOWN CUSTOMS

COL. NEW AVERS THAT PLAN  
FOR TICKET DISTRIBUTION  
WILL BE MAINTAINED.

Chairman of National Republican  
Committee Says He Will Have no  
Controversy With Senator Dixon—  
Suggests That Roosevelt Manager  
Is Too Vituperative—Illinoisans  
Will Reach Oyster Bay To Day.

Chicago, May 31.—Col. Harry S. New, chairman of the sub-committee on arrangements for the Republican national convention, to night declared that, despite various reports and controversies, his committee would follow the system of seat distribution in vogue four years ago and previously, in handling applications for seats at this year's convention. Col. New also said that he would decline to enter into further discussion with any one on this point; but, in announcing this determination, he delivered the following at United States Senator Dixon, Col. Roosevelt's campaign manager.

"Regarding the Roosevelt seat incident, so called, I simply wish to say that I will make no attempt to match 'Joe' Dixon in billingsgate or insult, and therefore, will have no controversy with him."

In explaining the system of seat distribution, Col. New said that no arbitrary number of seats would be given to any individual national committeeman, but that each committeeman would receive an equitable proportion of available seats.

"No committeemen can get all the seats that he wants," said Col. New, "but with the limited number at our command, each will get a just proportion. These will go out in the customary manner that has obtained at Republican national conventions for a good many years."

Considerable interest in Chicago centered to day in the departure for Oyster Bay of several of the 58 Illinois delegates to the national convention to meet Col. Roosevelt tomorrow.

The party includes:  
R. R. McCormick, Chicago.  
Henry M. Johnson, Ottawa.  
J. T. Williams, Sterling.  
Frank G. Allen, Moline.  
Fred E. Sterling, Rockford.  
W. J. Graham, Alton.  
B. J. Hawbraker, Monticello.  
John L. Hamilton, Hoopston.  
J. R. Barker, Vienna.

William H. Weber, Blue Island.  
Alexander Revell, chairman of the western department of the Roosevelt campaign committee; Walter Schmidt and Oscar Heble, all of Chicago, went with the delegates.

At the headquarters of the Republican national committee contests from following districts were added to day to the list of 204 contests made public yesterday, making a total of 226 contested seats in the convention to date:

Missouri, 13th district, two contested seats.

North Carolina, 9th district, two contests.

Tennessee, 9th district, two contests.

Texas, at large, fifth, ninth and fourteenth, 14 contests.

Alaska, at large, two contests.

## RENTAL CLAIM IS SETTLED

C. & A. Road is Again Using P. & P. U. Terminals Into Peoria.

Peoria, Ill., May 31.—Because of an alleged claim for rentals on terminals and depot facilities, the Peoria & Pekin Union railway company of this city today for sixteen hours prevented Chicago & Alton trains from entering this city. The order was issued by President Pickney of the Union company and went into effect at midnight, May 30. At 3:55 p. m., on Friday, Chicago officials of the Chicago & Alton road wired that the required sum of money had been placed to the credit of the P. & P. U. road in a Chicago bank and the embargo was raised. Passenger, freight and United States mail trains were detained 15 hours at Washington and Pekin, awaiting settlement of the difficulty before they were permitted to enter Peoria.

## DIVORCE SUIT AGAINST JIMMY WARD

Chicago, May 31.—Mrs. Maude Mae Ward today filed a bill in the circuit court asking that her marriage to James J. Ward an aviator, be annulled. She averred he had a wife, Mrs. Margaret Warner Ward, living at the time of her marriage to him. Mrs. Margaret Warner Ward August. Mrs. Maude Mae Ward said she was married on April 22, 1911, and lived with Ward until May 21, 1912.

## SUES STOCKS FOR \$100,000.

New York, May 31.—Lillian Graham, the show girl who with Ethel Conrad was acquitted of the charge of having attempted the life of W. E. D. Stokes, filed suit against Stokes today, asking \$100,000 damages for "false and malicious prosecution."

## MILITARY ACADEMY BILL.

Washington, May 31.—The house today passed the military academy appropriation bill carrying \$1,034,059, a decrease of \$125,000 from last year.

## MARINES DID NOT LAND AT DAIQUIRI

GUARDS AT IRON PLANT WERE  
ABLE TO HOLD INSURGENTS  
IN CHECK.

Paducah Will Remain On Watch to  
Be Ready in Case of Need—Vol-  
unteers Offer Services to Cuban  
Government—Orders For Arms in  
U. S.

Havana, May 31.—Interest in Havana today centered on the question whether the United States Gunboat Paducah would land marines at Daiquiri to protect the property of the Spanish-American Iron company. It overshadowed completely all the reported occurrences from the theater of hostilities.

The American legation today received advices from Daiquiri that the plant of the iron company had been attacked but that its assailants were held in check by forty guards who later were reinforced by 100 other men. This combined force drove off the insurgents and on the arrival of the Paducah the fighting was over, and apparently there was no necessity for extending the aid of the American marines. Later in the day, Col. Marti, chief of staff of the Cuban army, and Lieut. Col. Consuegra sailed on the Gunboat Hatuey for Daiquiri to explain to the commander of the Paducah the situation on shore and to inform him that there was no necessity for landing American forces. It is understood here, however, that the Paducah will remain on watch off Daiquiri.

General Montecado, commander-in-chief of the army still is busy in Oriente province disposing of his forces for a decisive movement against the rebels. This is expected to take place tomorrow.

The government continues to receive many offers to raise volunteer corps, but difficulty is being experienced in finding arms for them. Orders have been placed in the United States for a quantity of arms to be shipped to Havana, immediately under Col. Piedra is ready to leave Havana Sunday to reinforce General Montecado's army.

## Will Permit Landing.

President Gomez tonight telegraphed General Montecado the commander-in-chief of the Cuban army, who is at the scene of the hostilities in the province of Oriente, stating that the general might permit American marines to land on Cuban soil to guard foreign property. The despatch added that the Cuban forces then might retire from guarding such places and devote themselves to pursuing the insurgents.

## Col. Marti Sails.

Col. Marti, chief of staff of the Cuban army and Lieut. Col. Consuegra sailed from Havana for Daiquiri today on the Gunboat Hatuey under orders of Gen. Montecado. On arriving at Daiquiri they will confer with Commander Geo. G. Mitchell of the American Gunboat Paducah and inform him that the commander of the Cuban forces stationed at Daiquiri has sufficient men to make unnecessary the landing of American marines. The landing of American company today demanded protection of its mines at Cuero and General Montecado immediately ordered a detachment of troops to proceed to that town.

## RESPONSIBILITY NOT FIXED.

Chicago, May 31.—No one was held liable for the automobile accident which resulted in the death of five persons at Ninety-second street and the Calumet river, May 20, by a coroner's jury that today completed an investigation of the affair. The automobile plumed through an open ditch, the bodies of four victims, Annie and Florence Mahoney, sisters, and John Boyd and John Buchanan, have been recovered. The jury recommended that red lights be placed on the bridge, lights be placed under the bridge and that violators of the speed ordinances be prosecuted.

## FINANCE BILL CHANGES.

Washington, May 31.—The senate committee of finance today voted to place in the legislative, executive and judicial appropriation bill the appropriation for the commerce court eliminated by the house. The house action was expected to abolish the court and the provision inserted by the senate committee will precipitate a lively fight in conference. The committee also voted to strike from the bill the provision limiting the terms of office of all civil service employees to five years. They probably will be reported to the senate tomorrow.

## MEET AT LAFAYETTE TODAY.

Lafayette, Ind., May 31.—It will be a fight between the Universities of California and Missouri for first honors in the twelfth annual meet of the Western Inter-collegiate conference athletic association here tomorrow according to predictions of athletic experts tonight. Athletes representing the Illinois university, are given an outside chance for victory.

Neither California or Missouri is a member of the "big eight."

## INCREASED RATES SUSPENDED.

Washington, May 31.—Proposed increased rates for the transportation of flax seed from Minneapolis, Minn., and other northwestern points to Chicago and destinations in other states today were suspended by the interstate commerce commission from June 1st, until Sept. 28th, next. The increases averaged about 25 per cent.

## ROOSEVELT MAY COME TO CHICAGO

COLONEL WILL MAKE NO DEFINITE  
STATEMENT ABOUT INTENTIONS.

Only Circumstances Will Change  
Plans of Ex-President—Will Re-  
ceive Illinois Delegates to Chicago  
Convention Today.

Oyster Bay 31.—Col. Roosevelt returned to Sagamore Hill to night after his trip to Gettysburg, Pa., having spent the day in New York. During the day he conferred with a number of his supporters in regard to line-up of delegates for the Chicago convention. Chauncey Dewey, Roosevelt manager, and Medill McCormick, of Chicago, who has been looking after the Colonel's interest in western states, told him of the situation in Illinois. A dozen Roosevelt delegates from Illinois to the Chicago convention are to come to Oyster Bay tomorrow to see the colonel. He would say nothing more than that the delegates were coming to discuss the Illinois situation.

Col. Roosevelt was less certain to day that he would not decide eventually to go to Chicago.

"I have no intention of going unless circumstances make it necessary," was the way he put it. "At present I don't think it is necessary."

## QUINN TRIAL NEARS CLOSE

Final Argument is Expected Today  
Hamilton Lewis Calls Police  
Investigators of Evidence.

Chicago, May 31.—Final arguments in the trial of Mrs. Jane Quinn, accused of slaying her husband, John Quinn, last December by shooting him, probably will be completed tomorrow in Judge Pettit's court. The case is expected to reach the jury about noon.

Mrs. Quinn went several times today while her attorney, James Hamilton Lewis, was speaking in her defense. Many women in the courtroom also wept. Reference to the defendant's two former unhappy marriages and bliss of her life with Quinn moved her to tears.

A desire to obtain Quinn's \$1,500 life insurance was the motive for Quinn's killing her husband, averred assistant prosecutor Lewis in his address to the jury. He said the killing was carefully planned and executed. Quinn was found shot in bed and his wife said a burglar had fired the shot and fled.

The police were termed "inventors of evidence" by Attorney Lewis. He also laid stress on the failure of Quinn to name his slayer when questioned by the police shortly after he had been shot. Although he did not directly accuse anyone of killing Quinn, Attorney Lewis intimated it was a person well acquainted with the Quinn home.

## SITUATION DECLARED CRITICAL.

Juarez, May 31.—The situation in Chihuahua is declared by the refugees to be critical and the looting and plundering of the city at any hour, they said, would not be surprising.

Foreigners are in fear of trouble, because of official statements suggesting that the rebel leaders might not be able to restrain their men from the anti-foreign outbreaks. Press reports from Chihuahua, which must pass the censor, make no mention to night of abnormal conditions in the City of Chihuahua. Col. Orozco, Sr., who has been in command of the Juarez garrison, left to day to join his son, the military chief of the revolution in Chihuahua.

## FAVOR INCREASED RATE.

Minneapolis, May 31.—The Independent Order of St. Vitold, a national fraternal order, in convention here, unanimously recommended to increase its insurance rates to the basis of the National Fraternal Congress and adjourned.

A referendum vote of the entire membership will be taken on the increase August 1. Officers elected as follows:

High grand master—Olaf S. Nelson, Chicago.

Vice high grand master—Knut Rystrom, Minneapolis.

High secretary—John A. Sangran, Chicago.

## MISSIONARY UNION.

Clifton Springs, N. Y., May 31.—The annual women's meeting of the International Missionary union was held this afternoon, with Mrs. W. H. Belden of Bulgaria and Miss Alice M. Williams of China, in charge. The speakers included missionaries from China, Japan, Korea, India and Africa.

## LAWN PARTY AT WHITE HOUSE.

Washington, May 31.—Under the spell of an almost ideal day the President and Mrs. Taft gave the last of the series of spring lawn parties in the white house grounds to day. The party was attended by members of the diplomatic corps, members of congress and their wives and hundreds of government officials.

## CAPITAL STOCK INCREASED.

New Brunswick, N. J., May 31.—The stockholders of the United States Rubber company at a special meeting there to day increased the capital stock from \$75,000,000 to \$120,000,000.

## MONDAY IN CONGRESS

Senate.

Met at noon.  
Gifford Pinchot and Delegate committee advocates passage of house bill creating a legislative assembly in Alaska.

Senate 45 to 11 passed house eight-hour bill.

Senator Kern announced he would let Lorimer case go over until Tuesday when it comes up Monday.

Considered conference report on agricultural appropriation bill and sent it back to house for further conference.

Adjourned at 5:53 p. m., until noon Saturday.

House.

Met at 11 a. m.  
Judiciary committee resumed its inquiry into charges against Archibald considering his connection with negotiations with Girard estate for culm banks.

Passed military academy appropriation bill carrying \$1,034,059.

Adjourned at 6:20 p. m., until 11 a. m., Saturday.

## BURIAL SERVICE AT GOLCONDA

Late State Secretary James A. Rose  
Laid to Rest at Old Home Town.

Golconda, Ill., May 31.—Secretary of State James A. Rose was buried today in the Rose family lot of this little town's cemetery. Golconda was his old home town. Funeral services were held this morning at the First Presbyterian church, where the Rev. J. H. Stevenson delivered the address. He paid a high tribute to the dead state official. At the time Mr. Stevenson was the Presbyterian pastor here, Mr. Rose was the Sunday school superintendent. So large was the crowd that attended the services it was necessary for many of them to remain outside the church. Governor Deenen and nearly all the state officials attended.

The special train which brought the funeral party from Springfield left on its return shortly after 2 p. m., and was due to arrive there about midnight. Governor Deenen will attend a meeting of the state central committee Saturday when the vacancy on the Republican ticket made by the death of Mr. Rose will be filled.

It is understood the nominee will be appointed by the governor to fill the unexpired term of Rose.

## New Question Comes Up.

Aside from the complications due to the threatened mandamus action of Chester W. Church against the state board of canvassers, a new question has come up which will interfere with plans for the governor to name the temporary successor to Secretary Rose and have the state committee fill the vacancy on the ticket tomorrow.

The question whether two members of the state canvassing board which consists of the governor, treasurer and secretary of state, one legally act, is one which was discussed freely today by Governor Deenen and Attorney General Stead.

According to the attorney general there is nothing in the law to hinder the governor from naming the temporary successor to Secretary Rose. If this action is taken by the governor, the new secretary can then meet with the other members of the board of canvassers and canvass the returns. However, it will be necessary for the appointee of the governor to file a bond, which, under the statute, must meet with the approval of two members of the supreme court. As the supreme court is not in session and it would take some time to have the court approved, it would probably delay until Monday the time when the successor to Mr. Rose, could officially act.

## NO "RETIREMENT PLAN."

Chicago, May 31.—Eighty civil service employees of the federal government tonight adopted resolutions protesting against a bill now pending in the senate to limit the tenure of office of civil service men to five years.

This resolution was carried quietly but when several members attempted to obtain hearings for resolutions touching on a "retirement plan" for employees and providing for the appointment of committees to insist on civil service plans being incorporated in the Republican and Democratic national platforms, there was trouble.

"You cannot expect politics, into this meeting," shouted Geo. W. Schaefer, secretary of the Chicago branch of the U. S. civil service retirement association. Several persons began talking excitedly and Schaefer shouted he was ready to "settle the dispute outside."

A motion to adjourn finally was heard above the din and the meeting ended.

## DELAY IN INDEMNITY PAYMENT.

Mexico City, Mexico, May 31.—Indemnity of \$5,000,000 of gold agreed upon some months ago by the Mexican foreign office and representatives of the Chinese government for the slaughter of more than 300 Chinese in Torreon during the Madero revolution will not be paid July 1st as provided for. The senate today passed the consideration of the subject to the next session which convenes in September.

## CEMETERY VISIT DETRIMENTAL.

Janesville, Wis., May 31.—A visit to the cemetery of a retired farmer, made to a cemetery on Memorial day is believed to have been responsible for his committing suicide today. From the time he left the cemetery until he was seen alive he was morose and appeared to be worrying greatly. His wife and son found him hanging in his barn.

## BIG LOSS IN SAW PLANT.

Port Huron, Mich., May 31.—The plant of the Wilson saw manufacturing company was almost totally destroyed by fire today. The loss is estimated at \$100,000.

## INJUNCTION WILL NOT BE SERVED

CHESTER CHURCH CHANGES  
MIND IN MATTER.

Republican State Central Committee  
Will Escape Trouble Relative to  
Successor for Late Secretary—  
Board of Canvassers May Face  
Mandamus Proceedings.

Springfield, Ill., May 31.—When the Republican state central committee meets in the senate chamber at 10 o'clock tomorrow morning to fill the vacancy on the state ticket for the office of secretary of state, owing to the death of Secretary James A. Rose, they will not be served with an injunction restraining them from naming any other person than Chester W. Church of Chicago for the position.

Mr. Church had intended bringing a suit in the Sangamon circuit court to day to enjoin the state central committee from placing the name of any person other than himself on the ticket. His allegations were to have been that the state board of canvassers had not canvassed the vote for secretary of state and had not certified Mr. Rose as being the nominee, the board having adjourned last Tuesday until next Monday, pending the decision in regard to certain contests for members of the house and that therefore, owing to the death of Mr. Rose, Church being the next highest man on the ticket, became the candidate of the party.

The legality of the new Republican state central committee was also to have been attacked on the ground that the state board of canvassers had never certified to the new members being elected.

Attorneys retained by Mr. Church to bring the proceedings, told Mr. Church that they did not believe injunction proceedings would lie, and Mr. Church finally saw the matter in the same light as his attorneys, and it was decided not to institute the injunction proceedings.

Mandamus proceedings, however, will be brought in the Sangamon circuit court, probably tomorrow, directed against the state board of canvassers in which the court will be asked to issue an order, directing the board to place the name of "Church on the ticket."

## SELBY IS NOW SOLE SURVIVOR

Veteran Editor is Last of Famous  
Group Who Called First Republican  
State Convention.

Chicago, May 31.—When news of the death of Oliver P. Wharton, who died recently in Los Angeles, reached Paul Selby in Chicago today, he announced that the death made him the only survivor of the convention of editors held at Decatur, Ill., Feb. 22, 1856.

This editors convention called the first Republican state convention of Illinois at Bloomington, May 29, 1856. Mr. Selby when then the editor of Morgan Journal of Jacksonville, Abraham Lincoln was at the meeting.

## NO "RETIREMENT PLAN."

## EIGHT HOUR BILL PASSED BY SENATE

VOTE WAS DECISIVE, 45 BEING  
RECORDED FOR THE MEASURE  
AND 11 AGAINST.

Result is a Victory For Labor Inter-  
ests—Contracts Adopted For Gov-  
ernment Must Contain Provisions  
That Laborers and Mechanics Shall  
Not be Employed More Than Eight  
Hours Per Day.

Washington, May 31.—By the decisive vote of 45 to 11, the senate today passed the house bill extending the eight-hour principle to contracts involving labor on government work. The negative votes were cast by Senators Bailey, Dillingham, DuPont, Gallinger, Heyburn, Oliver, Page, Root, Sanders and Wetmore, Republicans, and Percy, Democrat.

The measure had been before the senate on several occasions and had been fully debated. On this account the discussion today was brief, consisting of statements by Senator Bailey in charge of the measure and by Senator Bailey of Texas and Senator Sanders of Tennessee. Mr. Bailey and Mr. Sanders opposed the bill, the former on the ground that the government has no right to restrict the right of any man in the matter of labor and the latter on the plea that private concerns could not continue to take government work with the time limit imposed.

The principle involved in the measure has long been contended for by the labor interests. It provides that every contract hereafter adopted for the government requiring the employment of laborers or mechanics shall contain a provision that no laborer or mechanic doing any part of the work contemplated by the contract shall be required or permitted to work more than eight hours in one calendar day.

A penalty of \$5 is imposed for every violation of the provision.

## SPECIAL JURY IS SUMMONED

May Investigate Conflicting Testi-  
mony Given in Packers' Trial.

Chicago, May 31.—A special grand jury was ordered today for June 10, by United States District Judge Carpenter.

Federal officials were silent on the reason for the summoning of the jurors and would neither affirm nor deny that the new jury would be asked to investigate the testimony of the witnesses in the recent packers' trial. Oliver E. Pagan, special assistant to Attorney General Wick, reviewed a transcript of the testimony of witnesses in the packers' trial and compared their statements on the stand with what they had told in grand jury which returned the indictments charging the ten Chicago packers with violation of the Sherman anti-trust act.

It was generally believed that the federal building that the new grand jury would consider the result of Mr. Pagan's investigation.

## WATERS' STRIKE GROWS.

One Thousand Added to List of  
Strikers in New York—Hotel Men to Fight.

New York, May 31.—The addition of 1,000 to the strikers bringing the total to 4,000 and a demonstration marked with disorder on Fifth avenue were to night's features of the effort of the new International Hotel Workers' Union to enforce recognition of the organization and to obtain increases in wages and improvements in working conditions for employees in the kitchens and dining rooms of the thousands of New York eating places.

President Beed of the Hotel Men's association to night, confirmed the report that hundreds of negroes were being brought from the South, and reiterated the declaration that the association would absolutely refuse to recognize the union.

## REFUGEES FROM MEXICO.

Juarez, May 31.—Seventy-five German and fifty American refugees, the former mostly women and children arrived here tonight on a special train from Chihuahua, the first in nearly three days. They declared that a means of leaving Mexico had been provided by the rebels only after insistent demand for it had been made by Marion Letcher, the American consul.

## CLARK LEADS IN RHODE ISLAND.

Providence, R. I., May 31.—Returns in the Democratic presidential preference primary had been received from a little more than one-third of the state at 11 o'clock to night, an hour after the polls closed and that time Clark was leading Gov. Wilson about 3 to 1.

## AGRICULTURAL BILL BACK.

Washington, May 31.—After two discussions the senate today sent the agricultural bill back to conference to the house. The principal objection was made to the modification of the segregation of agricultural lands in forest reservations so as to exempt those which may be needed for public purposes.

## COAL MINES RESUME.

Reading, Pa., May 31.—Beginning to day all the mines of the Reading Coal & Iron company resumed operations with an increased output. All are now at work for the first time since the suspension on April 1.

## FRANKLIN TELLS DRAMATIC STORY

WITNESS AGAINST DARROW SAYS  
JOB HARRIMAN PROVIDED  
BRIBE MONEY.

Relates Details Leading up to His  
Arrest—Charges That Darrow Had  
Assured Him His Family Would  
be Looked After.

Los Angeles, Calif., May 31.—Job Harriman, recent candidate for mayor of Los Angeles on the Socialist ticket, sat today within the bar at the trial of Clarence S. Darrow for alleged jury bribing and heard himself accused of being the man who did provide Darrow with the alleged bribe money. Later in the day he heard the same witness, Bert H. Franklin, testifying for the state, quote Darrow as saying to him:

"If you mention my name, I want you also to mention what you know about Job Harriman."

Franklin's testimony on direct examination was at times dramatic in the extreme, the witness departing from his apparent willingness to tell all he knew to a seeming loathness to give evidence concerning close friends, and appealed to the court.

For the first time since the arrest of Franklin and the indictment of himself and Darrow, the names of prospective jurors other than Lockwood and Bain, alleged to have been sought to be bribed, were injected into the case.

Franklin said he had entered into negotiations with A. K. Kruger, of The Palms, and had been "turned down" by three others, Guy Yonkin, a Los Angeles cigar dealer John S. Underwood, a local iron worker, and Frank Smith.

The witness exhibited much emotion when he related his conversation with Kruger in which he said Kruger had told him that another man had offered him \$4,000 for his vote as a McNamara juror.

Kruger said he wanted to know if they were both working for the same side, the witness said. He named a Los Angeles lawyer, he told me, as having been in connection with the McNamara case and which drew an indignant protest from Attorney Rogers for the defense.

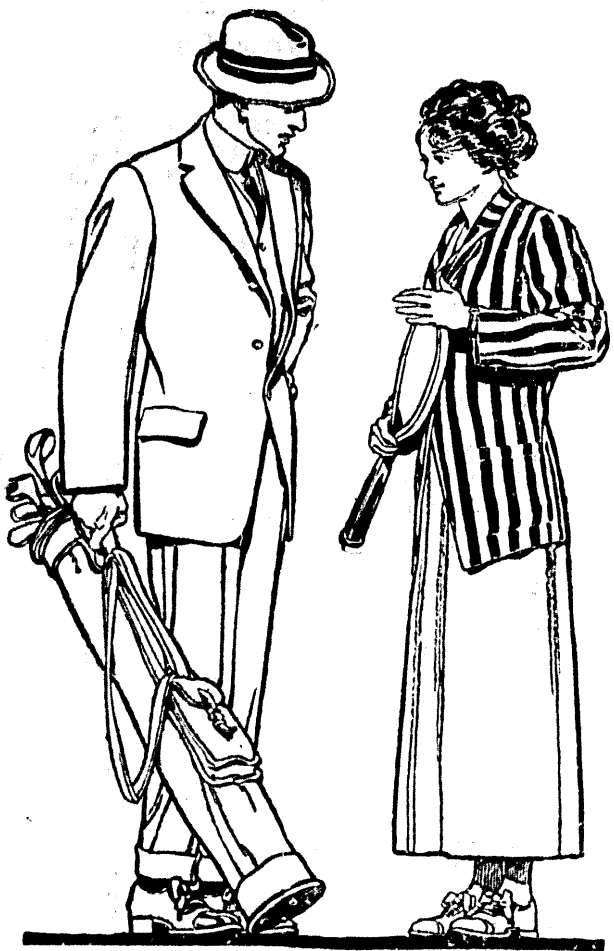

Franklin testified that he had told Darrow after his arrest for attempting to bribe Lockwood, that had Darrow not been present when he was arrested, he had intended to turn Lockwood over to the police for accepting a bribe.

"That was," asserted the witness, "when I found that Lockwood had turned traitor to me."

He said that when he saw detectives near the scene of the meeting with Lockwood, he knew he had been betrayed. Darrow's presence at the place and time of Franklin's arrest, the latter explained by saying that he had been informed that Lecompte Davis, one of the associate counsel for the McNamara defense, had telephoned to Darrow, telling him that Franklin was about to get into trouble. Darrow, he said, had gone there to warn him.

After his arrest Franklin testified, Darrow had assured him that his family would be looked after. On every occasion that he met Darrow, thereafter, Darrow always had asked how his wife and friends viewed his arrest.

### ELECTRIC POWER IN ST. LOUIS CITY

Plans of Mississippi Power Company Are Made Known—Keokuk Power Substation to Supply City.

The Mississippi River Power Distributing company, which from its main offices in St. Louis will sell by contract the current produced by the Mississippi Power company, by means of the power dam at Keokuk, Iowa, will erect the extensive transmission station at Page avenue and the Wabash tracks in St. Louis county, through which St. Louis will be served without the intervention of a contractor. The announcement was made yesterday by C. S. Ruffner, general manager for the company in the St. Louis Globe Democrat. The plans for the station were also drawn by the company.

The buildings in which the current from Keokuk will be transformed from a voltage of 110,000 to one of 13,200, will occupy four acres. The two principal buildings will be respectively 200x60 feet and 108x60 feet, and the material will be brick and re-enforced concrete.

"Public service corporations are having such hard times now with public service commissions and boards of equalization that they have to cut the corners pretty close to make both ends meet," said General Manager Ruffner yesterday. "For this reason we will do all the work of installing our plant ourselves, letting the sub-contractors, as is usually done by the general contractor. Our location on the Wabash tracks will enable us to bring in our building materials at the lowest possible cost and the public will get the benefit of these economies."

The company is now erecting its transmission line to carry the current from Keokuk to St. Louis. The high tension current will be carried by a series of uninsulated copper wires, each about three-quarters of an inch in diameter. The wires will be supported on towers 85 feet high, which will remove the danger to persons and property from accidental short-circuiting of the high tension current.

The current will be ready for delivery early in 1913.

"We have contracts now which will utilize all the current we shall be able to produce with our initial equipment," said Manager Ruffner. "The United Railways company and the Union Electric Light and Power company will divide about equally the current that comes to St. Louis. The Union Electric is contracting now for the delivery of current at water-power rates, although it will not get the water-power current for some time to come. The rates are about one-half the former rate."

The Mississippi River Power Distributing company is a subsidiary company of the North American company, which owns the Union Electric and the United Railway company. While the Laclede Gas Light company was still owned by the North American company, the company contracted for a portion of the power produced at Keokuk. When the company changed owners this power contract was taken off its hands by the Union Electric company.

### STUDENTS ENJOY ANNUAL BANQUET

Members of Illinois Literary Society of School for Blind Gather Around Festal Board.

Friday evening the Illinois Literary society of the State School for the Blind held its annual banquet in the gymnasium at the institution. This event is prominent among the number which is held during the year by the members of the society and the students look forward to it with no little interest.

The gymnasium was very artistically decorated with the society colors, purple and gold, and a large number of the members were present. Promptly, at 7:30 o'clock they took their places at the tables and an excellent menu was faultlessly served, after which a program of toasts was given. Mrs. Louise B. Ingalls acted as toastmistress in her inimitable manner and the responses were filled with enthusiasm. At the close of the program a dance was enjoyed.

The program follows:  
"Our School"—Supt. Woolston.  
"Our Alumni"—Mr. Jewell.  
"Echoes From Other Blind Schools"—Miss Strader.  
"Stockholm, Capital of Sweden"—Miss Lagargren.

### ADULTERATION OF BUTTER WITH NEW SUBSTANCE.

Cotton seed oil in butter is a threatened food adulteration, according to the chief chemist for the United States department of health who received a letter from views on the subject. A Texas cotton seed oil firm is sending out circulars advertising that cotton seed oil may be mixed with butter and the weight of the resulting mass increased at the cost of oil, while valuable at the price of the butter and without injuring the quality of the butter.

The Illinois report replied that the mixing might be made without hurting the taste or the food value of the butter, but that the mixing might get the mixer into serious trouble, as the product if sold in the state as butter would violate the Illinois food law, the federal food law and the federal internal revenue law, as the product would be adulterated and probably be regarded as in the oleomargarine class.

### FISHER BUYS LAND.

The St. Louis Globe-Democrat tells of the purchase of Southern Illinois coal lands by L. E. Fisher, formerly superintendent of the Illinois Traction system.

"A deed for 122 acres of valuable coal-bearing land in St. Clair county, Ill., given by Barbara Keller to L. E. Fisher, formerly general superintendent of the McKinley Traction system, was recorded at Belleville yesterday. The land is midway between Millstadt and Smithton, about seven miles southwest of Belleville. The purchase follows prospecting for coal on this land the past four months, which is said to have resulted in the discovery of an excellent vein of coal of good quality and thickness. Fisher proposes to use a new process in mining the coal, known as the "stripping process." Large steam shovels will be used in removing the earth from the coal, and the mineral then will be taken out and the earth replaced.

It is said that a spur of the Mobile and Ohio railroad will be built from Millstadt to the coal fields immediately to furnish transportation for the coal to market.

## WILL EXPLAIN

Y. M. C. A. NEEDS

Directors Will Not Close Association Until After People Have Full Knowledge of the Situation.

The directors of the Y. M. C. A. stated some weeks ago that they intended to close the association June 1, unless arrangements could be made for the payment of the debt and for running it on a more satisfactory basis. They have determined, however, not to take this drastic action without giving the public a thorough understanding of the situation, as it is natural that they would hesitate to close the building. At a recent meeting the directors decided to present the situation to the people through the churches and special committees will canvass church members and acquaint them with the association condition and its needs. The Y. M. C. A. is by no means dead, having now a membership of 350, which is 125 more than it had at this time a year ago. The difficulty lies in that the annual receipts do not meet the expenditures, which condition exists in all associations unless they are specially endowed. The Y. M. C. A. is conducted as economically as can be and the directors are still hopeful that when the people thoroughly understand the conditions the needed support will be given.

**WILL BURY W. LBER WRIGHT TO-DAY**

All Industry Will Stop in Dayton While Funeral Is in Progress.

Dayton, Ohio, May 31.—"I am overwhelmed by the death of Brother Wilbur," said Orville Wright sadly in his first public statement to night. Heretofore he has denied himself to all callers except a few old friends.

Orville, broken in spirit at the loss of his brother, says the death of his brother has completely unnerved him. Dayton to day is overwhelmed by loss of her distinguished citizen. In the modest home of his brother, Father, lies the body of Wilbur Wright. Hundreds of floral tributes quite fill the modest rooms and there is an air of pensive sadness and deepest melancholy in the entire neighborhood, where the two famous brothers spent so many useful years. Saturday Dayton will consist all that is mortal of her distinguished son to the grave. The body will lie in state from 10 o'clock until 1 P. M. Public funeral services will be held at 3 o'clock. All industry will be stopped within Dayton while the funeral is being held.

**PEORIA GIVES CONVENTION.** Bloomington, Ill., May 31.—The executive committee of the Illinois Retail Implement and Vehicle association met here to day and selected Peoria as the location of the state convention, to be held October 1.

Be among the early ones today to buy your mid-summer hat at ½ price. Blackburn-Floeth Co.

**SAYS TAFT WILL CONTROL.**

W. G. Harding Maintains That President's Friends Will Predominate in Ohio Convention.

Washington, May 31.—Warren G. Harding, former lieutenant governor of Ohio, after a talk with President Taft and his secretary, C. D. Hilles, declared that Mr. Taft's friends would be in majority in the state convention there next week. Mr. Harding said that Mr. Taft would have nearly forty more delegates than are necessary to control and predicted that the entire delegation would be instructed for the president. He would not discuss a report that he had been selected by the resolutions committee of the Republican national convention and also that he would put the president's name before the convention.

**BOXING MATCH STOPPED.**

Little Rock, Ark., May 31.—A detachment of militia and a squad of deputy constables and deputy sheriffs, all under the command of Governor Baughy stopped a scheduled boxing match here to night.

This is a good time to get the summer suit you need of Knoles.

**WOMAN'S COLLEGE BACCALAUREATE.**

Service Will be Held Sunday Night in Grace Church.

The baccalaureate services of the Illinois Woman's college will be held Sunday evening in Grace M. E. church and the sermon will be delivered by Rev. J. W. Miller. The program will be as follows:

Hymn No. 106.  
Sermon—Rev. J. W. Miller, D. D.  
President's Address to Class.  
Hymn No. 481.  
Benediction.

Knoles makes finest tailor clothes at live and let live prices.

**WILL FURNISH MUSIC.**

The Illinois College chorus will furnish music at the baccalaureate services Sunday morning at State street church. The chorus will be under the direction of Rev. Howard French. Miss Myrtle Barnsack will sing "Spring" by Luckstone and the string quartet of the conservatory composed of Misses Dunlap and Jensen and Messrs. Cochran and Vizzo Jensen will give "Beethoven's minor" at the commencement exercises of Whipple Academy Monday.

**C. & A. PASSENGER RUNS.**

Changes Made On Alton Between Jacksonville and St. Louis.

The Pantagraph in speaking of the changes to be made in the passenger runs between this city and St. Louis has the following to say:

"It has been decided to make a change in the arrangement of passenger runs between Jacksonville, Roodhouse and St. Louis. Formerly these runs were handled in a pool by Engineers Donnelly, Strunk and Beckett, taking a month about. One of these runs, Nos. 32 and 33, has the lay over in St. Louis, another, Nos. 30 and 31, has the layover in Jacksonville, and the third, 15 and 16, has the layover in Roodhouse. By the new arrangement, but two runs will be pooled Nos. 15 and 16, and Nos. 30 and 31. The two runs will be handled by Engineers Donnelly and Strunk. Both live in Roodhouse and they will be at home alternate nights, one being at home one night and the other on the opposite run. In Jacksonville, this alternating every night. This leaves 32 and 33 with the St. Louis layover to be assigned. It is possible that Harvey Tolson, who is the senior freight man, may take this run, but there are other seniors who might wish to reside in St. Louis. The assignment will be announced next week and if Tolson does not take it, may fall to some junior, who wishes to make his home in St. Louis."

**FOUGHT SIX ROUNDS.**

Philadelphia, May 31.—Champion Ad Wolgast and Young Jack O'Brien fought a fast six-round bout before the American Athletic club to night and at the end the advantage, if any, was with the champion.

O'Brien was the cleverer, but his blows lacked force, while those of Wolgast made the Philadelphia boy wince, when they landed on the body.

In the second round Wolgast dropped O'Brien for the count of nine, but the blow did not stop the boy's speed, which at times dazzled Wolgast.

**CONTINUES CAMPAIGN TOUR.**

Mitchell, S. D., May 31.—Senator La Follette and his party on the third day's campaign tour of the state arrived here this evening, and to night the speaker spoke in the Globe theater. To day he spoke at Cotton and Arlington.

Mrs. O. E. Conkling has returned from California, where she has been spending the winter.

**BEVERIDGE OPENS CAMPAIGN.** Sioux Falls, S. D., May 31.—Former Senator Beveridge of Indiana, opened his campaign in South Dakota for Cl. Roosevelt with an address in the city auditorium here to night.

**MEANING OF NORRIS BILL.** Washington, May 31.—The operation of the so-called coffee trust could be put under the interstate commerce laws if a bill introduced today by Representative Norris of Nebraska should become a law.

The Norris bill would so amend the anti-trust laws as to characterize as an illegal conspiracy any combination whereby two or more persons are engaged in the importing of an article from any foreign country, when such a combination is operated in restraint

of free competition of commerce or so as to increase the market price of the article. The bill carries as a penalty a maximum fine of \$5,000 together with imprisonment.

**TO PREVENT FOREST FIRES.**

Washington, May 31.—More than a million miles of roadway territory in comparatively sparsely settled sections of the country will be covered daily by a forest fire preventive force of 55,000 men, as a result of an order issued today by Postmaster General Hitchcock. These men are the rural and star route mail carriers who are directed to co-operate with the forest rangers and state fire wardens in every way possible.

Last year forest fires destroyed approximately \$3,000,000 worth of property.

**FOUND POLICY HOLDER.**

Des Moines, Ia., May 31.—Elias H. Baldwin, who is being searched for by an eastern life insurance company which desires to pay him \$5,000, the face value of a paid-up endowment policy, now is a resident of Edna, Kan., according to his son, N. A. Baldwin, who is in Des Moines to night. Mr. Baldwin, now 82 years old, has been a resident of Edna for many years, and according to his son probably has forgotten the existence of the policy. He is the father of Captain Evelyn Baldwin, who accompanied Dr. Fred Cook on his trip in search of the pole.

## DEATH AND FUNERALS

**Nation.**  
Mrs. Eglipha Holloway Nation mother of Mrs. Elta Ooley died at 8:30 o'clock Friday evening at the home, 116 Spaulding place, following an illness of long duration.

Deceased was born in Clark county, Ky., January 28, 1826 and when a small child moved with her parents to Pike county, Ill. She was married May 26, 1848 to William E. Nation. Later on account of the poor health of her husband, they moved to Southwest Missouri locating near Appleton City, Mo. The husband died January 31, 1897. Mrs. Nation was the mother of twelve children, five of whom survive—David E. Nation of Vandalia, Mo., Albert L. of Appleton City, Mo., Charles F. of Lancy, Kan., Mrs. Elta Ooley of this city and Mrs. N. B. Plummer of Los Angeles, Cal.; she is also survived by a brother, Leslie Holloway of Oklahoma City; by 24 grand children and 15 great grand children.

In early youth Mrs. Nation was converted and united with the Baptist church, of which she has ever been a faithful member. She was a woman of beautiful Christian character.

Brief services will be held at the home in this city and the daughter will accompany the remains to Appleton City, where more extensive services will be held in the Baptist church. Appleton City was always considered a home to Mrs. Nation. She kept her membership in the church there and her husband is buried in the cemetery at that place.

## Searle.

The remains of William Searle were brought to the city on the noon train Friday from Jerseyville and taken direct to Jacksonville cemetery, where interment was made. The Masons of the Jerseyville came with the body and the Masons of this city were at the station and acted as an escort to the cemetery. They also conducted the burial service.

## German.

The funeral of George German was held at 2:30 o'clock Friday afternoon from the residence of his mother, Mrs. Hannah German, 221 South Fayette street, in charge of Rev. W. L. Dorgan, pastor of the First Baptist church. The singing was in charge of Mrs. Thomas Richardson, Mrs. Luther Smith and Mrs. L. B. Turner and the many beautiful flowers were kindly cared for by Mrs. McCurley, Mrs. Richardson and Mrs. John R. Hill.

Interment was in Diamond Grove cemetery and the bearers were Claude Henley, Fred Mayer, Karl Hill and Walter White.

**HOW A DIXON MAN IMPROVED POOR FARM**

Hoard's Dairyman: I. B. Counterman, near Dixon, Ill., took a run down farm of 125 acres seven years ago and has brought it up in that time to a highly productive stage. A few things that he does are of interest. He plows under the second crop of clover. He has laid five carloads of tile. He follows a three years rotation of corn, oats and clover. He uses all the manure 22 cows will give and buys some in town. He has applied two tons of ground limestone to the acre and a half ton of rock phosphate. Half the farm has had one ton of phosphate to the acre. He rents the farm and his half amounts to \$1,750.

**I. S. D. PICNIC.**

The students at the State School for the Deaf enjoyed their annual picnic Friday on the campus at the institution. Heretofore the annual picnic and field day were held at the same time but this year the field day exercises were held one week earlier than the picnic. The day was spent in playing various outdoor games and teachers were assisted in caring for the children by some of the older boys. At noon an excellent picnic dinner was served on the lawn and the day proved to be a most enjoyable one. Ice cream and lemonade in unlimited quantities were at the disposal of the pupils.

## PLAYS AND PLAYERS

A play to be produced early next season is called "The New Six."

Geisel, Fannuzio and Mascagni are collaborating on a tragic opera. Billie Burk will have the principal part in Phero's new comedy, "Mind the Paint Girl."

Winchell Smith has written a new comedy for Julian Eltinge to be used by him next season.

"When the Passerby" is sent on tour again. Charles Cherry will probably be at the head of the company.

Fred Niblo and his talented wife, Josephine Cohan, are about to make a tour of Australia, to last a year.

Digby Bell is playing a vaudeville sketch by George V. Hobart, entitled "It Happened in Topeka," this season.

Charles Frohman has acquired the rights to a Parisian comedy, entitled "The Heart Decides," which he will produce next season.

Charles Frohman next season will present in this country a noted Swedish actress named Martha Hedman. She has never been in America.

Jules Eckman Goodman has a new play called "Sisters of Fear," which is to be produced by W. A. Brady some time during the coming season.

H. Cooper Cliffe, who made one of the hits of "Every Woman" in the role of Nobody, intends to spend his vacation in his native country, England.

It is reported that Sam Bernard has given up his contemplated trip to London owing to the objection of his mother to taking a sea voyage.

The Shuberts next season will present in New York Michael Faraday's recent London success, "The Nightbirds." The English company will be brought over.

It is announced that "The Princess of Penzance" will be revived by the Shuberts and William Brady this spring. The production will follow that of "Patience."

Anna Fitzhugh, who retired from the stage on her marriage, is reported to be singing in grand opera in Florence, Italy, where she made her debut as Elina in "Lohengrin."

A play by Hartley Manner called "The Money Moon," is to be given a trial by a stock company in Los Angeles, with Laurette Taylor and Richard Bennett in the leading roles.

Among the new plays which Cohan & Harris intend to produce this year are "Broadway Boogie Woogie" by Mr. Cohan, "The Other Man," a drama by E. W. Preston, "The Seven Little Widows," by Rida Johnson Young, "Queed," with Brandon Tynan in the title role, "Room 41," a farce by Frances Nordstrom, "The Kleptomaniacs," a farce by Carle Moore, "The Polish Wedding," a musical farce from the German, and "A Romantic Wife," adapted by Clare Kummer.

**NEW WAGE CONTRACT.**

Terre Haute, Ind., May 31.—Indiana coal miners and operators to day signed a new wage contract for two years and the strike condition of the last nine weeks, which has effected 18,000 workers, has been broken. Several miners resumed work to night and others will open tomorrow morning. Leaders of the mine workers are claiming a victory in obtaining better working conditions, while the operators won their contention against weekly pay.

**LARGE CLASS TOOK DEGREES.**

The largest class in the history of Jacksonville council No. 5, Royal and Select Masons took the degrees Friday night, twenty-nine men being given the work. Grand Master Roe of the grand council and A. M. Halliwell, past grand master assisted in conferring the degrees. Following the ceremony a banquet was held with A. M. Halliwell as toastmaster. Those who responded to toasts were Grand Master Roe, J. Bart Johnson, Julius Strawn, Truman P. Carter, Dr. R. R. Buckthorpe, F. L. Best, Dr. C. C. Cochran and Ralph I. Dunlap.

**NOTICE WOODMEN.**

All Woodmen in the city are requested to be at Woodmen hall south side square Sunday, June 2, at 1:30 p. m. to attend the annual memorial services. The address will be Judge M. H. Cleary of Galena, president of the Modern Woodmen association of Illinois. The parade will be formed promptly at 2 o'clock. Services at Jacksonville cemetery.

**CORN PLANTING LATE.**

Hassall Hopper who drove to Jacksonville from his farm near Sinclair recently says that he has never seen so much ground intended for corn still unbroken at this time of the year. He thinks that nearly all of the acreage intended for corn will be planted but as to how the crop will be will depend upon the season.

**STRIKE BREAKS OUT ANEW.**

Chicago, May 31.—Rioting broke out anew in the newspaper strike tonight. On a downtown corner a crowd of union newsboys attacked an unidentified boy who was selling papers printed by non-union pressmen and only the timely arrival of two policemen saved him from a severe beating.

The policemen held the crowd back until a newspaper truck carried away the attacked newsboy and his stand. A few minutes later a patrol wagon of police arrived and dispersed the crowd.

William Karnitschnigg, a union sympathizer, attacked Lieut. John Barrow. Karnitschnigg was arrested.

**FAVOR CHAMP CLARK.**

Providence, R. I., May 31.—The Democratic voters of Rhode Island, at the presidential preference primary to day favored Champ Clark by a large majority over Woodrow Wilson and Judson Harmon, the other two names on the ballot. With the town of Exeter and four wards in the City of Providence missing, the returns gave:

Clark ..... 5,016  
Wilson ..... 1,422  
Harmon ..... 453

## Only 50 Women Can Join The Hoosier Cabinet Club for \$1.00

After you study the above picture you will not wonder that women are anxious to join the Hoosier club, when by so doing they have a Hoosier Cabinet delivered to their homes on payment of only \$1.00.

Think of the hundreds of needless steps every woman who knows could save by having her table, pantry and cupboard, with all her tools and supplies centered in one spot. Your energy instead of being wasted is saved and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

The Hoosier company sends its 3,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

This year most cities received only 25 cabinets. Our urgent request secured us 50 of these cabinets for the ladies of Jacksonville.

Only 50 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00; balance in a few weekly payments of \$1.00. Many already have enrolled.

The Club Plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the liberal club terms. The club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.

**Rumor Connecting Mrs. Margaret Upp With Forgery Case in Kansas City Said to Be Unfounded.**

A despatch from Kansas City, Mo., connects Mrs. Margaret Upp, formerly of this city, with a forgery case in Kansas City. The despatch states that Mrs. Upp was with Carl H. McClelland of Springfield, who was arrested for forging his father's signature to checks aggregating \$500 and that they stayed together at a hotel in that city, later moving to fashionable apartments.

Mrs. W. H. Dunavan, mother of Mrs. Upp, desires The Journal to state that there is no foundation for any of the statements made concerning her daughter. She says that her daughter was here only the past week relative to her divorce case, which is yet unsettled; furthermore that while in Kansas City she has been living with her brother, who resides there. Mrs. Dunavan says that her daughter is acquainted with young McClelland but that her relations with him have been entirely proper at all times.

J. E. Pool to Tell in Breeders' Gazette Something of J. T. Alexander's Extensive Operations.

J. T. Alexander and J. E. Pool returned to Chicago Friday night after a brief visit in Jacksonville with W. D. Alexander. The two visitors spent Thursday and part of Friday in the eastern part of Morgan and the west part of Sangamon counties inspecting the Brown and Huffaker properties and the lands near Alexander formerly a part of the John T. Alexander estate.

Mr. Pool is a livestock expert and writes regularly for the Breeders' Gazette in addition to being a daily contributor to the Post, Journal, American and Examiner of Chicago, on livestock themes. He came down on livestock county for the special purpose of looking over the old Alexander home place, getting some data and views for articles in the Breeders' Gazette. While in this locality he was taken by Mr. Alexander to the Ben W. Brown farm of 3000 acres, which Mr. Alexander thinks is unsurpassed in Illinois.

Mr. Pool will probably write a series of articles for the Gazette founded upon his Morgan county visit, giving some facts about the life and extensive operations of the late John T. Alexander, who in his day was the cattle king of all this western country. Mr. Alexander at one time owned 7,200 acres of land in Morgan county and subsequently acquired 22,000 acres in Champaign county. Later he purchased 4,000 acres adjoining and owned 26,000 acres in the one body. The record of his life and operations is full of interest and today reads almost like romance.

Special T. P. A. meeting tonight.

**WILL MEET THE FLEET.**

Newport News, Va., May 31.—The German fleet is still anchored in Lynnhaven Bay, near Cape Henry. Monday morning the American battleships now in Hampton Roads will convey the ships to an anchorage in Hampton Roads. The president's yacht, The Mayflower, will meet the fleet at Thimble Shoal. Later the Mayflower with royal guests and officers from the fleet aboard will return to Washington, where Prince Henry of Rouss will call upon President Taft and members of his cabinet.

**OFFERED AS AMENDMENT.**

Washington, May 31. The repeal of the Canadian reciprocity act was offered as an amendment to each tariff revision bill brought up in the senate, according to a plan announced today by Senator Gronna of North Dakota. Mr. Gronna, who contends that the reciprocity bill is iniquitous and it was passed "by the Democratic party, assisted by standpat Republican senators," said he proposed to give those who voted for it an opportunity to "purge themselves" and to give the president the same opportunity.

**CAPTAIN DUNCAN DEAD.**  
Cleveland, Ohio, May 31.—Captain Andrew Duncan, aged 76, brother-in-law of the late President McKinley, died at his home here today.

### BIRTHDAY SURPRISE

Charles Cully, East of City is Remembered By Neighbors On His Forty-Fourth Anniversary.

Charles W. Cully, residing east of the city was given a pleasant surprise Friday evening on the occasion of his forty-fourth birthday when about thirty of his neighbors assembled at his home to give their assistance in the celebration of the day. The affair was also a surprise for Mrs. Cully, who had not been allowed even a suggestion of what was to happen, the party being carefully planned by Mrs. Edward Sturgeon and Mrs. Edward Phillips. The company met at the Phillips home first and from there made their way to the Cully residence. They would have made a complete capture if the dogs hadn't set up the alarm and informed Mr. and Mrs. Cully that "intruders" were about. The surprise, nevertheless, was successful. The ladies of the party took with them decorations of white and green and soon had the home ornamented throughout and made especially attractive for the occasion. They also carried elaborate refreshments, which were served after two or three hours were spent in a delightful social manner.

At a fitting moment in the evening's pleasure Mrs. George Killam in behalf of the company presented Mr. Cully with a beautiful set ring, for which he expressed his greatest appreciation in a very appropriate speech.

Those present were Mr. and Mrs. Edward Phillips and daughter, Mary Elizabeth; Mr. and Mrs. Andrew Bacon and children; Miss Alta Moore, Mr. and Mrs. George Killam, W. C. Thompson and family, Mr. and Mrs. William Self, Misses Effie and Lottie Crabtree, Albert Crabtree, Mrs. Wesley Fox and son, Mrs. Stephen Dunlap and daughter, Miss Ruth, Mr. and Mrs. Edward Sturgeon and daughters, Vivian and Mabel Esther, and Miss Edith Ticknor.

## BRADY BROS

FOR JUDGE OF THE SUPREME COURT,  
ROBT. J. GRIER.

The election of a justice of the supreme court from this district is to occur on Monday (not Tuesday) June 3. Let all Republicans take notice of the date and do their duty as citizens.

The only important and controlling question is that of the character and ability of the two candidates. Judge Grier, the regular Republican nominee, has been a lawyer in extensive practice of the highest character since his admission to the bar about 30 years ago, until his elevation to the circuit bench. Nine years ago he was elected without opposition circuit judge of the circuit comprising the important counties of Fulton, Knox, Warren, Henderson, McDonough and Hancock, and in that position gave such eminent satisfaction that he was re-elected, with no opposition, three years ago. The men who knew of his eminent success as a jurist have insisted upon his becoming a candidate for the supreme bench. There can be no question that his qualifications are great.

He was a lawyer and a jurist all of his business life. His opponent, Judge Cook, had served in the legislature as a Democrat, and was secretary of the Democratic state central committee under Roger Sullivan as chairman at the time he became a candidate for the supreme bench three years ago.

Judge Cook's managers have used two principal arguments against Judge Grier, neither of which has anything to do with the relative qualifications of the two candidates for a position on the supreme bench. The first argument is entirely unworthy to be used in such a cause. It is, that if Judge Grier is elected to the supreme bench an election will be required in his district to select a circuit judge, which will be an expense to the district. This matter concerns only the counties in Judge Grier's circuit, and does not affect Morgan county. But if it did, it would be entirely too small a consideration to determine the election of a judge to a position in our highest court.

The other argument has been that of sending a letter to practically every voter in the district containing extracts from certain Republican and independent papers in favor of Judge Cook. All of these newspapers excepting three are published outside of the district, and they were practically all written before the campaign had started and before it was known that Judge Grier would be a candidate. Since that time, the Chicago Record-Herald has had an article strongly recommending the election of Judge Grier. The Quincy Whig has been and is now giving Judge Grier its undivided support. The Illinois State Journal (quoted in Judge Grier's circular) recently published an article in which it said: "By resorting to unwarranted political methods in the fourth district judicial contest, Democratic politicians in their section of the state appear to have insured the retirement of Judge Cook from the Illinois supreme bench."

The Roger Sullivan Democratic organization is bending every nerve to secure the election of Judge Cook, chiefly for the political effect of the election on the fall elections. The same argument applies equally to the candidacy of Judge Grier. If politics is to be considered, there is no reason why the Republicans should not stand by their candidate, when he is a thoroughly cultivated and high-minded man.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold give it a trial and become acquainted with its good qualities. For sale by all dealers.

## As "Ed" Howe Sees Life

Probably there never was a man who did not say: "I do my duty," or one who actually did it.

You don't like anyone who makes you trouble.

People are flattered into most of their mistakes.

Some people act so foolish that you would think that there is a law against simple common sense.

People are always more cowardly than fair.

The object of society is to marry young people off and as soon as it is apparent that a young man is in society for the first time there is a law that he should be thrown out.

A fool will decide that a certain foolish thing should be done, and rather than let people in town to do their share.

If you are on confidential terms with the members of nearly any family, you discover that they are terribly hard up.

I give three cheers nearly every morning because I am not compelled to go to school; I am not so old that I have forgotten how I hated it.

When people hear of a violent kin quarrel, they pretend that they never heard anything of that kind themselves.

### STUDENTS' RECITAL

Advanced Pupils of the Illinois College Conservatory of Music Give Splendid Program.

A large audience was present at recital hall Friday evening to attend the recital of the advanced students of the Illinois College Conservatory of Music. They were pupils from the classes of Mr. Krich, violin; Mr. Munger, piano; Miss Oldfield, voice. The accompanists were Miss Jeramie, Mr. Krich and Mr. Munger. The musicians did exceptionally well, revealing the careful training they have received and consistent work performed. Mrs. Mary Mathews, who studied under Miss Oldfield before she came here, sang for the first time in a Conservatory recital and revealed in the Aria from Herodiade a soprano voice of lovely quality and thorough soprano. This was the last recital of the year. The Conservatory faculty will practically remain the same as heretofore for next year. The program follows:

A Wedding at Trolldhagen (piano) ..... Grier  
Eva Triplet ..... Grier  
Romanze, E Major (violin) ..... Prochazka  
Fred Meyers ..... Prochazka  
Mennett and Scherzo, from Sonata, Op. 31, E flat major (piano) ..... Beethoven

### JACKSONVILLE PROOF.

Should Convince Every Jacksonville Reader.

The frank statement of a neighbor telling the merits of a remedy. Bids you pause and believe. The same endorsement by some stranger far away. Commands no belief at all. Here's a Jacksonville case. A Jacksonville citizen testifies. Read and be convinced.

Mrs. Hannah Lansing, 812 South Diamond street, Jacksonville, Ill., says: "I have never taken any other medicine that has benefited me as greatly as Doan's Kidney Pills procured at Armstrong's drug store. Several years ago when I was suffering severely from backache, I used this preparation and in a short time I was restored to good health. Another member of my family has also taken Doan's Kidney Pills and praises them highly."

### DR. GRAHAM TAYLOR AT WESTMINSTER.

Arrangements have been perfected for holding Sunday evening at Westminster church a mass meeting for all interested along sociologic lines of social service.

Dr. Taylor is a world-wide authority as an author, and almost of equal reputation as the founder of Chicago Commons. His ability to put theory into practice has justly given him acknowledged eminence. The commissioners and all city officials are especially invited to be present.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy and before a small bottle was finished he was as well as ever," writes Mrs. H. Silks, 29 Dowling street, Sydney, Australia. This remedy is for sale by all dealers.

### WOMAN'S COLLEGE ART DEPARTMENT

Exhibition Shows That Work of Year Has Been Successfully Done.

To day at the usual hours the public will have an opportunity to enjoy a rare treat at the art department display at the Woman's college. Of course, there is of necessity, much that is the same from year to year, yet like the successful showman who repeated his performance night after night, "He did the same thing each time only did it differently."

Miss Knopf, the capable teacher of that department, has instituted one new departure in the matter of original sketches of many small things of all imaginable sorts—leaves, flowers and useful articles in domestic economy. This is a singular and unique display and one that instantly arrests the attention of the visitor. It is in black and white and is one of the first things which the visitor sees on entering the apartment.

Of course, the foundation is the black and white, crayon work with cast and still life subjects. One thing may truly be said of the instruction in this institution: the originality of the pupils is developed and service imitation is steadily avoided. The familiar objects of every day life are depicted here in pleasing array and all that can be learned from free hand drawing true to nature is first acquired. Nor is it any mean or trifling task to do this work. To show a plaster cast on a white surface with lights and shades properly managed and the outlines true to the subject is a work that requires skill, talent and close attention.

In art as in all else "there is no evolution without great labor," and that is constantly demanded here in the pupils who work in this department and the results are very apparent.

After a thorough drill has been had with the crayon the pupils are permitted to exercise some choice in further work and the efforts put forth by them are remarkable in results. The displays this year are placed rather better than at any time formerly and many of the choice productions are supplied with points that help a great deal. The display of water colors this year is indeed most praiseworthy and shows that the young ladies have been working to some purpose. There are all kinds of subjects and it is difficult to say which is best when all are so good. As a matter of course, the student who wishes to produce something which will attract and please both herself and the public selects something which is striking, beautiful and available as a subject and at this time of the year, when nature so prodigally scatters her works about in the way of grass, foliage, flowers and all else, temptation to seek a subject from the list is great, too great to be resisted, and so we see displayed on the walls lovely roses, snowy snowballs, and many other of nature's most lovely productions and the nearer we get to nature the greater the art.

The display in painted china this year is especially large and here the fine taste of the teacher and pupils is again manifest. No sandy colors, no flat tints, but to be seen near the efforts so severely plain as to weary or fall to interest. A golden mean has been observed and the result is all that could be desired. The young ladies have adorned a great many pieces which are to be seen and doubtless much more has not been placed on the tables. There are dainty tea sets, sugar bowls and creamers, pitchers and plates, any number of cups and similar articles, all beautifully decorated.

In all that substantial class, the material chosen by the great masters of the world, there is a very creditable display. This time, as already mentioned, the selections are partly mounted and that adds to the attractiveness of the exhibit. Oil is a material which commands itself to any lover of art. It is something suggestive of strength, durability, solidity and all that goes to make up that which will always exist. Of course, this is said not in any manner disparaging any other department or style of work, for all have their merits.

The selections or subjects in this department are varied. The brilliant hues of the spring roses and other flowers vie with the more sober and somber tints of the still life subjects, while all are equally attractive. The drawing is exceptionally good, while the colors are well chosen.

One young lady, Miss Pearl Schlosser of New Hope, South Dakota, has completed the course and

### DISCREDITS ICEBERG RULES.

From the Washington Post: A report by Capt. de Carteret of the cable ship Minia, based on observations during the cruise for bodies of Titanic victims, received at the naval hydrographic office yesterday, discredits practically all of the methods now in use for discovering the proximity of icebergs at sea. The hydrographic office deduced from the report that an ice warning twenty-four hours old would be practically useless.

"We saw bergs moving northward, even against the wind," said the report, "when, according to theory, they should have been drifting southward. This was true of one great berg 70 feet high of peculiar shape. Seventy-five miles east of Cape Race I have seen bergs go past an anchored ship, traveling one mile an hour against a light north wind."

The captain's report also discredits the theory that the proximity of icebergs is marked by a fall in temperature of the water. "The whole thing," he concluded, "is so uncertain that no captain would be justified in making any alteration in his course from the changes in temperature only."

### FURRIERS MAY STRIKE.

New York, May 31.—Here's where the long suffering public has a chance to laugh. The price of coal has advanced and now it is learned that fur coats, muffs and neck pieces are likely to cost more, just as if anyone cared—at the beginning of summer. The recent miners' strike boosted the price of coal and the same cause is expected to send the price of furs skyward. The 10,000 men and women employed in the manufacture of fur garments are dissatisfied with conditions as they exist and a general strike is threatened. The officers of the Furriers' International union will meet in this city tomorrow to take a ballot on the question of calling a general strike. The eight hour work day, increases in wages averaging 25 per cent and recognition of the union, are the points involved.

### COMMENCEMENT AT NEW BERLIN.

New Berlin, Ill., May 31.—The commencement exercises of the New Berlin High school were held to night in the city hall, before a large audience. Miss Ruth McMurray made the valedictory address and Miss Jessie Walters was salutatorian. Miss Katherine Sice read the class history. Those who received diplomas were Ruth McMurray, Jessie Walters, Rose Buchanan, Katherine Sice, Thomas Robertson, Reuben Rogers and William Taylor.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers. **BRADFIELD REGULATOR CO., Atlanta, Ga.**

## TRADE REPORTS MADE FOR WEEK

**Bradstreets Says Spring Trade Has Not Been Satisfactory—Dun's Sees Four Favorable Features in Conditions.**

New York, May 31.—Bradstreets' tomorrow will say: "Trade reports are irregular in tenor, but it is probable that the week's turn over in commercial circles has not been better than fair. Retail dealers have so far experienced a very disappointing spring season, for which nature's forces are almost if not wholly responsible, though the high cost of food has probably also tended to militate against large purchases by the ultimate consumer. Proceeding to the larger purveyors—that is, jobbers and wholesalers—it is evident that sales are marked by small lot purchases for immediate wants, by conservatism controlling or holding up fall orders and by the fact that current trade is dominated by between season conditions."

In the drygoods lines distribution for immediate needs is not abnormal, the season is well spent and buying for fall is not widespread.

Iron and steel shipments continue heavy with prices on a more profitable basis, though following the recent rush new business has fallen off somewhat. Though demand for pig iron is quiet, furnace stocks the country over have been reduced to a good degree, but coke prices are no high as to presage, perhaps some effect on outputs of iron and steel. Collections are not much above fair and western banks, some of which are closely loaned up, report that country institutions are drawing down reserves.

Business failures in the United States for the week ending May 30 were 231 against 218 last week; 168 in the like week of 1911; 160 in 1910; 191 in 1909 and 225 in 1908.

**Dun's Report.**

New York, May 31.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

"Four features of the business situation are so favorable, for the time being at least, as to overshadow those conditions which seem doubtful. These favorable features are: The better outlook for the crops—particularly in the northwest—this being already productive of an increase of confidence and activity in the leading trade centers of the great agricultural section and the warmer weather which is everywhere stimulating trade distribution; the very notable expansion which has taken place in the iron and steel trade, bringing production almost to the point of capacity and giving promise of a year of remarkable consumption. The greatly improved conditions which have prevailed this year in the textile markets, a fact due in part to the more normal state of the market for raw cotton and in part to that condition which is the inevitable product of low stocks of merchandise and a growing population with expanding wants."

Activity still prevails in finished lines of iron and steel and the larger plants continue to cover almost to capacity. In the Pittsburgh district a shortage of crude steel is reported and purchases of pig-iron are being made in the open market.

Heavy specifications continue to be made on plates and structural shapes and prices show a tendency to advance. \$1.25 Pittsburgh now being the absolute minimum. Buying of equipment and finished steel products by the railroads is still a prominent feature.

Mrs. M. A. McLaughlin, 512 Jay St., LaCrosse, Wis., writes that she suffered all kinds of pains in her back and hips on account of kidney trouble and rheumatism. "I got some of Foley's Kidney Pills and after taking them for a few days there was a wonderful change in my case. For the pain entirely left my back and hips and I am thankful there is such a medicine as Foley's Kidney Pills. J. A. Obermeyer, City Drug Store."

## BOARD OF RIG VEDA VOLUMN FOURTEEN

Reading from left to right—Top row—Ralph W. Davis, Leroy Hedgecock, John M. Phillips, A. J. Gummershimer, Albert R. Swain. Bottom row—Forrest Seutkin, Lillian Havenhill, Garm Norbury, Eleanor Capps, Arthur Kingsley.

"Rig Veda Vol. 14, issued by the senior class of Illinois college will make its appearance this morning. The production is a great credit to the class, and it bears the marks of much care and thought. It is handsomely bound in leather, the numbers going to the senior class being of full leather. The volume is dedicated to Dean Hayden in the following language: 'To the Dean—the best loved man in college we, the members of the class of 1912 dedicate this book.'"

The book is printed on splendid paper and the cuts are especially good. The cartoonists are A. J. Gummershimer and John Henry, a student last year of Whipple academy but now studying art in the Chicago Art Institute.

College life is amply portrayed in the volume and it contains the usual number of jokes and doings of the students. It also has an article by George Jackson Knudsen of the class of 1901 on "A new profession for college men and women." The book is from the Roach press.

The formation of a gigantic federation of employees of the United States government, patterned after the American Federation of Labor, and embracing all the various organizations of civil service workers, is proposed in a circular letter which is being sent out by the National League of Government Employees through George L. Cain, the president of the organization.

## A SALVATION FEAST COMING FOR EVERYBODY.

Saturday and Sunday, June 1 and 2. (Continued.)

Come one, come all, and hear Lieut.-Col. T. W. Scott, principal of the Western Salvation Army Training college of Chicago, Ill. The colonel is a very highly esteemed blood and fire Salvationist, an excellent speaker and truly a man of God; not a long faced Christian, but one of the kind who can cheer those bowed down with sorrow and make them feel the joy of heaven. He is a man who always has been able to entertain his audience before him, both saint and sinner. The commanding officers, Captain and Mrs. T. H. Ziegler, are personally acquainted with the colonel and have arranged with him to come to Jacksonville for the week end. Let everybody turn out and make these meetings profitable to God. Remember these are your meetings, Christian friends. Every Christian regardless of denomination, is cordially invited to put your shoulder to the wheel and let us fight together shoulder to shoulder and God will give the victory. The following program is arranged for the week end:

Saturday evening at 7 o'clock all friends of the army and soldiers will march from the army barracks to Central park and give a rousing open air demonstration.

8 p. m.—A hallelujah praise and salvation meeting with address from the colonel at the barracks.

Sunday, 10 a. m.—Company meeting with address from colonel to children.

Sunday, 11 a. m.—Holiness meeting conducted by the colonel; don't miss it.

Sunday, 2 p. m.—Open air at Central park and march to Central Christian church.

Sunday, 3 p. m.—A wonderful mass meeting of all churches at Central Christian church. Every minister of the gospel and all laymen invited to attend. The colonel will speak.

Sunday, 7 p. m.—Open air on public square.

Sunday, 8 p. m.—Old time testimony and praise, followed by a red hot salvation talk by the colonel and a hallelujah wind up.

Now for a tug of war, Jacksonville Christians. Come to the front, show your colors and cause the angels in heaven to rejoice because of your good work.

Chicago, May 31.—Wheat—Strong and weak by turns, but generally heavy; closing quotations sharply lower. Scattered liquidation in May was the principal cause of weakness. No rain over the holiday and crop experts as well as private individuals continue to send in sensational damage claims from Kansas, Nebraska and the Southwest. Failure of the market to respond at all to damage reports is very disconcerting to the bulls. The local crowd shows a disposition to sell on all hard spots and wheat is quite plentiful on the bulks. The stronger commission houses as a class have recently been good buyers on all little setbacks. A big concentrated interest is being created in July delivery. Most of the original small bulls have sold out and are waiting for a break in the situation as a whole appears strongly bullish, but rains would undoubtedly result in sharp break. Corn—Liquidation of scattered May holders broke price early. However the market in general closed firm. The action of May was an important incident on futures. May strength has encouraged a great deal of buying in July and September. Crop news is still rather unsatisfactory, but weather conditions have favored the finishing of planting operations and there is still fair prospects that the entire large area will be realized. Cash demand poor and with the passing of the May deal the cash market loses an important support. Receipts are becoming quite liberal and with the finishing of plantings heavy supplies may be expected temporarily. Weather may cause sharp rallies, but we strongly incline to the bear side of July and it should be sold on rallies. Oats—Scattered liquidation sales caused an easy market in May delivery. Cash oats, too, reflected the May break. Local traders after their holiday inspection sold scenery in large quantities and were encouraged by decline in May. Crop news is mainly good and weather conditions mostly favorable. Operations will doubtless be curtailed, pending the government report on the coming month. Acreage is expected to be below normal and market is in a good condition to advance sharply should there be any bullish developments. Provisions—Weak and lower, early on realizing by outside longs as had been the cause recently, a good speculative demand developed with the soft spots. Packers who were recently active on the advance, turned to buy moderately on setback. The market is in good shape to respond to any unfavorable developments.
